

Summer Student Poster Session - Class of 2018

August 10

11am - 2pm

Billings Building – Rosedale

All current scholars, alumni, family of scholars or alumni, members and community of the Institute and Hospital are welcome to attend.

Light lunch and refreshments will be served.

For more information, please contact burkesummerscience@med.cornell.edu

Host: Raj Ratan, M.D., Ph.D.
Executive Director,
Burke Neurological Institute
Associate Dean, Professor,
Weill Cornell Medicine (Affiliate)

You're invited!

Please join us at the annual Summer Student Research Program Poster Session as the Class of 2018 present cutting-edge research results to conclude the achievements and discoveries fulfilled during the summer program.

Training the next generation of scientists is a high priority at the Burke Neurological Institute. Our Summer Student Research Program offers scholars the opportunity to participate in cutting-edge basic, translational and clinical neuroscience research programs.
