

Scientific Poster Session – Summer Class of 2022

August 12

11am - 2pm

Billings Building

Rosedale Conference Room

Organizers:

Dianna E. Willis, Ph.D.

Associate Director
Burke Neurological Institute
Lab Director
Laboratory for Axonal and RNA
Biology
Burke Neurological Institute
Assistant Professor
Weill Cornell Medicine

Vibhu Sahni, Ph.D.

Lab Director
Laboratory for Cell Fate Specification
and Circuit Development
Burke Neurological Institute
Assistant Professor
Weill Cornell Medicine

Burke Neurological Institute

Academic Affiliate of Weill Cornell Medicine
785 Mamaroneck Avenue
White Plains, NY 10605
burke.weill.cornell.edu

You're invited!

Please join us at the annual Scientific Poster Session as the Class of 2022 present cutting-edge research projects and results to conclude the achievements and discoveries fulfilled during the Summer Science Program.

Our Summer Science Program offered scholars the opportunity to be involved in conducting a laboratory based research projects related to the repair and restoration of the brain and spine to help those living with chronic neurological issues caused by strokes, traumatic brain and spinal cord injuries, and neurological diseases such as Alzheimer's. Throughout the summer program, students received considerable direct interaction with their faculty mentors and staff across the Institute, and attend both introductory and professional level research seminars.

Faculty, board members, alumni, family members, friends, and members and community of the Institute are invited to attend the scientific poster session to congratulate the students on their achievements and discoveries fulfilled during the summer program.

Agenda

- 11:00am - 11:30am – Welcome and Brief Oral Presentations
- 11:30am - 1:30pm – Poster Session
- 1:30pm - 2:00pm – Presentation of awards and completion certificates

Please note masks are required indoors at all times.
